

PRODUCT DESCRIPTION

An essential maintenance companion to pilots, this 47-piece GA Tool Kit is designed to assist in minor maintenance tasks.

In keeping with our range of pre-designed tool kits, the Flight Aid Kit has adopted the tool control aspect. The high quality BAHCO aviation tools are individually embedded into Skydrol resistant foam.

These foams have red material backing which highlights a missing tool immediately, whilst also ensuring that tools are kept organised and free from the risk of damage.

Supplied in a high quality nylon bag with a comfortable grip handle, this kit is easily transportable and can be stowed in any orientation.

METRIC

LENGTH	WIDTH	HEIGHT	WEIGHT	TOOLS
